

## Important information about water services in your area

Letter Reference: 2.4\_C340\_20210429\_Road Closure\_Business\_Notification

29 April 2021

Dear Customer,

### Re: Notification of road closure – The Back Road, Malahide

Irish Water, working in partnership with Fingal County Council, is carrying out a major water main project in Malahide. John Cradock Ltd is working on behalf of Irish Water to deliver this project.

Irish Water would like to inform you that a temporary road closure is required from along the Back Road from the junction of R124 / The Hill to R107 / Malahide Road to facilitate the installation of a watermain.

The road closure will extend from **07:00 on Monday 10 May 2021 to 20:00 on Monday 17 May 2021**. The alternative routes available for vehicular traffic are as summarised below and presented in the plans overleaf:

- Road Closure - The Back Road between R124 / The Hill and R107 / Malahide Road, Malahide - 10 May 2021 - 17 May 2021.
- Eastbound traffic will be diverted at the junction of Back Road and the R107 / Malahide Road. Traffic will be diverted via R107 / Malahide Road, R106 / Malahide Road and R124 / The Hill.
- Westbound traffic diverted at the junction of Back Road and R124 / The Hill. Traffic will be diverted via R124 / The Hill, R106 / Malahide Road and R107 / Malahide Road.
- Local access will be maintained at all times.
- Local access to Malahide Castle Playground and Car Park will be maintained from the west only from **07:00 on Monday 10 May 2021 to 20:00 on Monday 17 May 2021**.
- Local access to Castlefield Manor will be maintained from the east only from **07:00 on Monday 10 May 2021 to 20:00 on Monday 17 May 2021**.

We apologise for any inconvenience this necessary work causes. For further information regarding the works please contact the project team on **086 817 0421**.

Yours faithfully,

**William McKnight**  
Regional Delivery Lead

### About this project

- This project represents an investment of €21.7 million by Irish Water.
- As part of this project, new water mains will be constructed to improve the reliability and security of the water supply and safeguard the water supply to these areas.
